## Exotic Trained Bird Shows

**Passionate About Parrots is a division of The Pet Nannies of Minnesota Incorporated.** Juli Sands presents beautiful, exotic and majestic trained parrots to entertain and educate the public.

Juli is co-owner of The Parrot Nannies of Minnesota Incorporated. Juli has also been a member of The Minnesota Companion Bird Association for 8 years. Juli currently holds the position of President and Membership Director for the MCBA. Juli has a growing passion for these intelligent and beautiful creatures. Having the ability to share her love, passion and knowledge of these birds and sharing the beauty and the care needs for these birds is a dream come true for Juli.

Juli along with the help of *Sam*, a 8-year-old Blue and Gold Macaw, *Abbey*, a 9-year-old Umbrella Cockatoo, and *Powder*, a 18-year-old Lesser Sulfur Crested Cockatoo will entertain and amaze you.

Our show consists of information about the native lands and behaviors of each of these birds. You will learn how to properly care for these birds that have the intelligence of a 3 – 5 year old child and have life spans of 60 – 100 years (depending upon species and care).

See information and pictures at [www.parrotnanniesmn.com](http://www.parrotnanniesmn.com) on the Bird Show page.

Just a few show highlights are: Abbey entertains by roller skating to the music of Brand New Key. Powder will amaze you with her intelligence in placing the correct color Popsicle in the matching cup. Powder will do a 4-part maze to the music of Henry Mancinni's Elephant Walk, picks up her toys and places them in her "Little Red Wagon". For the grand finale, Sam honors our service men, women and families by raising the flag to The Star Spangled Banner and finishes with a salute to "our" flag.

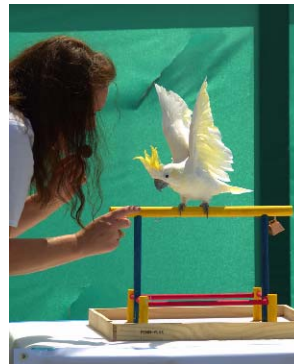

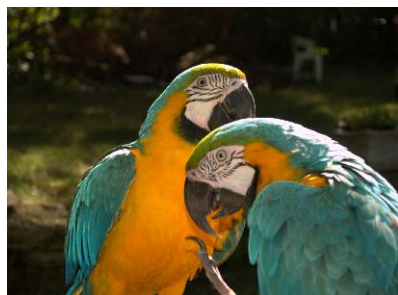

Powder, a Lesser Sulfur Crested Cockatoo will teach about recycling and saving our natural resource by showing you how she can recycle trash.

You will also meet Pipin, a 5 year old Timnah African Gray parrot. Pipin is new to the show and is doing great as he gets a ride on a car from Powder.

For really large groups, occasional appearances from *Baby* a very animated 8-year-old Blue and Gold Macaw can allow hands on opportunity and pose for photos if the opportunity presents itself at clients' request.
